
ENTITY RELEASE
Releasing What No Longer Serves You

ENTITY RELEASE

Many times, astral entities will intrude on our fields. Whether conscious or unconscious, we make agreements with them when we have moments of fear or need. These entities will attach themselves to us, usually promising some aspect of ourselves comfort in exchange for living vicariously through us.

It is always of benefit to release these beings into the Light, so that they can move on to their next stage of development and you can be free of their influence. The Entity Release is a good practice in any “Spiritual Hygiene” program.

Please be aware that you can only release any agreement that you yourself have with these entities. You cannot release agreements for other people.

It is best to do it out loud, and it is useful to do it daily.

THE PROCESS

Call for assistance:
"Archangel Michael, please bring down the tunnel of Light. Ariel, Azrael and Aru-Kiri, please assist".

"I break any and all agreements or contracts, both conscious and unconscious, that I have made, anyone in my body has made, or anyone in my spiritual or genetic lineage has made, with any astral entities, thought forms, demons, dark forces, elementals, aliens, satanics, demonics, lost souls, discarnates, parasites, separates and backlash. Please go into the tunnel of Light, we will take you home."

From the moment you begin an entity release, assume that feelings or thoughts that come up may not be your own. Boredom, spaciness, resistance, anger, aches, nausea, disbelief and grief may all be coming from entities.

Identify them and send them to the Light i.e. "entity holding resistance, please go into the Light".

Toning can be useful to ease their release.

When you feel clear or lighter, ask Michael to take the tunnel back to the Fifth Dimension.
